# BlueChoice Plus Gold 800 Ded Summary of Benefits

Note: Allowed Benefit is the fee that participating, in-network providers have agreed to accept for a particular covered service. The provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges \$100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept \$50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to \$50.

**This summary is for comparison purposes only and does not create rights not given through the benefit plan. Not all services and procedures are covered by your benefits contract. Some services may have limitations or exclusions. For more information about plan benefits, limitations, exclusions and conditions of coverage, or for a copy of the complete terms of coverage please contact your employer or CareFirst.**

- \* No copayment or coinsurance.
- 1. When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.
- 2. In- and out-of-network deductible and out-of-pocket maximums do not contribute to each other.
- 3. For family coverage only: When one family member meets the individual deductible, they can start receiving benefits. Each family member cannot contribute more than the individual deductible amount. The family deductible must be met before the remaining family members can start receiving benefits.
- 4. For family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit. The out-of-pocket maximum includes deductibles, copays and coinsurance.
- 5. All drug costs are subject to the in-network out-of-pocket maximum.
- 6. If a service is rendered on a hospital campus you could receive two bills, one from the physician and one from the facility.
- 7. "Telemedicine services" refers to the use of a combination of interactive audio, video, or other electronic media used for the purpose of diagnosis, consultation, or treatment. Use of audio-only telephone, electronic mail message (e-mail), or facsimile transmission (FAX) is not considered a telemedicine service. Providers will use their professional judgment to determine if a telemedicine visit is appropriate or if an in-person visit is required.
- 8. CloseKnit is a registered Trademark owned by, and is the trade name of, Atlas Health, LLC. Atlas Health, LLC d/b/a CloseKnit does not provide Blue Cross Blue Shield products or services and is providing in person and telehealth services to CareFirst members. Atlas Health, LLC is a corporate affiliate within the CareFirst, Inc. corporate umbrella of companies.
- 9. If the out-of-network benefit is listed as contributing toward the in-network deductible, then it also contributes toward the in-network out-of-pocket maximum.
- 10. Members accessing laboratory tests, x-rays, and specialty imaging services inside the CareFirst Service Area (Maryland, D.C., Northern Virginia) must use a designated Contracting Provider and/or Contracting Facility which may include a non-hospital/freestanding facility for In-Network benefits. Services performed by any other provider while inside the CareFirst Service Area will be considered Out-of-Network. Members accessing laboratory tests, x-rays, and specialty imaging services outside the CareFirst Service Area may use any participating BlueCard PPO facility and receive In-Network benefits.
- 11. Members who are unable to conceive have coverage for the evaluation of infertility services performed to confirm an infertility diagnosis, and some treatment options for infertility. Preauthorization required.
- 12. Infertility services will be paid the same as other medical services including Office Visits, Surgery, General Ancillary, Lab, and Radiology benefits.
- 13. Except for emergency services or out-of-area urgent care, if a member goes to a non-participating pharmacy, the member is responsible for the copay/coinsurance for the drug plus the difference between the allowed charge and the actual charge for that drug (called balance billed amount). The balance billed amount does not contribute to the out-of-pocket maximum.
- 14. If a Generic drug becomes available for a Preferred Brand drug, the Preferred Brand drug moves to the Non-preferred Brand drug tier.
- 15. If a provider prescribes a Non-preferred Brand drug, and the Member selects the Non-preferred Brand drug when a Generic drug is available, the Member shall pay the applicable Copayment or Coinsurance as stated in the Schedule of Benefits plus the difference between the price of the Non-preferred Brand drug and the Generic drug up to the cost of the drug. This amount will not contribute to the Out-of-Pocket Maximum.
- 16. Class I Preventative & Diagnostic Services - Exams, cleanings, fluoride treatments, sealants, bitewing x-rays are limited to 2 per year per provider per location.
- 17. Class I Preventative & Diagnostic Services - Full mouth x-ray is limited to 1 per every 3 years per provider per location.
